

**Quality Policy**

It is the policy of Alpha Rail Limited to establish and maintain an effective and efficient Quality Management System, planned and developed in conjunction with all management functions.

This system shall, as a minimum, comply with the requirements of BS EN ISO 9001:2008, but will be periodically monitored to see if any improvements can be made, and sets out the means of providing for all its customers all types of fencing and guard-rails that meet the requirements of all applicable national or international standards

All management and employees are made aware of the effects their actions could have on the environment. The Directors supported by the managers all accept these responsibilities and expect all employees to co-operate with the company to carry this policy through.

Alpha Rail Limited Personal Objectives will be as defined in the Business Plan and Customer and Employee Charted.

Not only is the policy sound commercial practice it is also a positive attempt to minimise the effect of the product liability by recognising the need to control the Company's Quality Assurance Activities at all stages during manufacture and installation.

Alpha Rail Limited shall ensure that this policy is understood, implemented and maintained at all levels of the organisation by Quality Awareness Training.
